Summer Newsletter 2024 – Number 5

17 May 2024

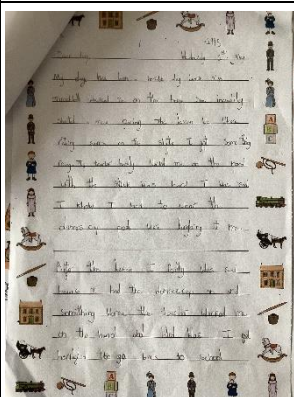

Dear Parents

This week's class news

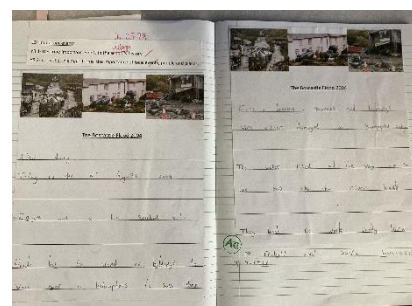

Reception

Slimy slithery snails have been everywhere in Reception this week. The children went on a snail hunt and made some super snail soup (chopped up lettuce) to feed their snails, so they could observe them. In maths, they have learning about 2D shapes and studied the collage 'Snail' by Matisse, they then created their own snail collages using squares.

Year 1 and 2

In writing, we have been completing our Victorian school day diary and have spent some time carefully writing them up neatly. Next week, we're moving onto letter writing. In history, we found out about the Boscastle flood; the children learnt about how the cause of the flood, the damage caused and the role of the emergency services. The children recorded what they'd learnt in a diary entry. In Science, we looked at how we care for our pets and what they need to be happy and healthy.

Year 3 and 4

As their classroom has been used for the Year 6 SATs this week, the children have enjoyed spending their mornings with Year 5, planning and writing a narrative about their own superheroes! They have come up with some amazing imaginative characters and plots and we have all been really impressed with their efforts and how they have managed the changes to routines. Well done! In history, the children learnt about Roman Emperors, made a diamond 9 ranking considering the significance of some notable emperors and whether they were effective leaders or not. The children then chose whether to research an emperor of their choice or make a clay model of their bust.

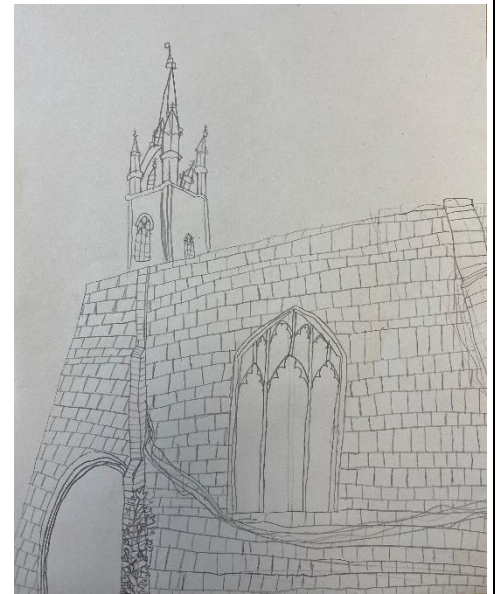

Year 5 and 6

Firstly, a huge well done to all our Year 6 who have worked extremely hard this week completing their SATs. They have all shown amazing focus, concentration and much determination to do their very best. We are very proud of them! We had a fun impromptu post-SATs disco this morning ... with the whole school!!

Thank you, Mr Rix 😊

The rest of the class have also worked hard during this time. They have designed and created superhero comics and stories. In Maths, we have continued to work on shape and looking at the interior angles of triangles.

We have also created some amazing artwork based on buildings that were damaged during the Second World War. The children created line drawings using perspective and contrasting shades.

Sea Shanty Dance and Music Performance

Mon 20 May at 14.45

In the school playground (Village Hall – if wet)

We welcome all parents to come along and see what the children have been working on this half term with our Dance professional, Rob Mennear. Listen to some of our new shanties and enjoy a performance by some of our musicians.

Children can come to school in PE kit on Monday – it would be great if they want to add a nod to the sailor theme by wearing something blue/ red/ white - plain or stripes. This could be a top, trousers, socks, bandana, scarf or anything of their choice.

Reminder: SPORTS DAY is next week!

Thurs 23 May from 1.30pm to 3.15pm at the Football Field.

Please could children be collected from the field at 3.15pm

Kind regards
Sara Haden
